Tomorrow afternoon works. How about you send an invite?

Dave —

That sounds like a good idea. I don't currently have any slots open today. Tomorrow I have 1530-1700 and Wed 1300-1500 if any of those work (EDT).

At this point, I'd only be able to provide a technical update so I don't know that it would be useful to have the attorneys present.

Freundliche Grüße / Best regards,

Hi **Ex. 4 CBI**

Thinking it would be a good idea to have an update call, where you can fill us and NDEE in on status of things, and we can all catchup on where we are and where we are headed. Maybe this afternoon or tomorrow? Perhaps attorneys should be on if there are issues with legal aspects to discuss?

Let me know your thoughts –

Dave

Ex. 4 CBI

I'm out rest of this week, checking messages sporadically when I have service. Jodi Bruno and Candace Bednar can be your POCs at region 7 as needed

Thanks Dave. I'm planning to send out another meeting invite to the agencies. I want to make sure I'm caught up on what I've missed while being out for a few days before scheduling.

Subject: Sample results

Hi **Ex. 4 CBI**

I am forwarding lab test results on samples of treated spill water. NDEE received these from AltEn. We wanted to get them to you right away although some of the details about location, etc. are a bit sketchy. These results will get scanned into the NDEE online public record, but haven't gotten there yet. Some of the samples were taken by AltEn folks which I understand NDEE staff did not observe. I believe NDEE did observe the Clean Harbors samples being taken. Also, my understanding is that NDEE did not take any duplicate samples or sample these sources themselves at another time. We can clarify with Tom Buell at some point.
